

Presenting **Forex_{on} Mobile**

Dear Customer,

In our continued effort to bring you innovative and convenient forex solutions, **we are delighted to announce the launch of the Forex category on Bharat Connect through FX-Retail platform**, under the guidance of the Reserve Bank of India (RBI). With this integration, you can now simply buy US dollars to remit forex, reload forex card and purchase currency notes through your mobile.

Welcome to a world of Frictionless Forex:

Individual (Resident) Customers can buy USD through select apps on their mobile

Save big with real-time forex market rates and low charges

Simple steps to transact:

- Register through Third-Party Apps such as BHIM, MobiKwik, or CRED, or via Net Banking / Mobile Banking Apps of select participating banks.
- Registration requires PAN, mobile number, and bank account verification with the selected bank.
- After registration, select your relationship bank and choose the desired delivery mode (currency, remit, or card recharge).
- Avail the best forex rate and complete payment via UPI or Net Banking
- Post-payment,
 - For physical collection of currency notes: Visit bank branch
 - For Remittance or Reloading Forex Card: Complete fulfilment digitally through bank app or bank Net Banking platform

Buy forex just like you would buy your favorite goods online. It's that simple!
